Community Services Onboarding Training

The WellSky Training Center includes self-paced, onboarding training for the WellSky Community Services solution. Many of the courses of the solution's curriculum allow the end-user (or learner) the ability to focus on the training best suited for their job role. All courses have Certificates of Completion available for download when the course has been finished.

CS End User Course

This course prepares you to use WellSky Community Services. After completing this course, you will be able to navigate the software, identify the process for adding providers, and know how to effectively navigate end user workflows. In addition, you will learn how to create referrals and gain tips on how to make your work easier. As you progress through the course, assessments are available to evaluate your knowledge in the subject material you watched or read in each lesson.
